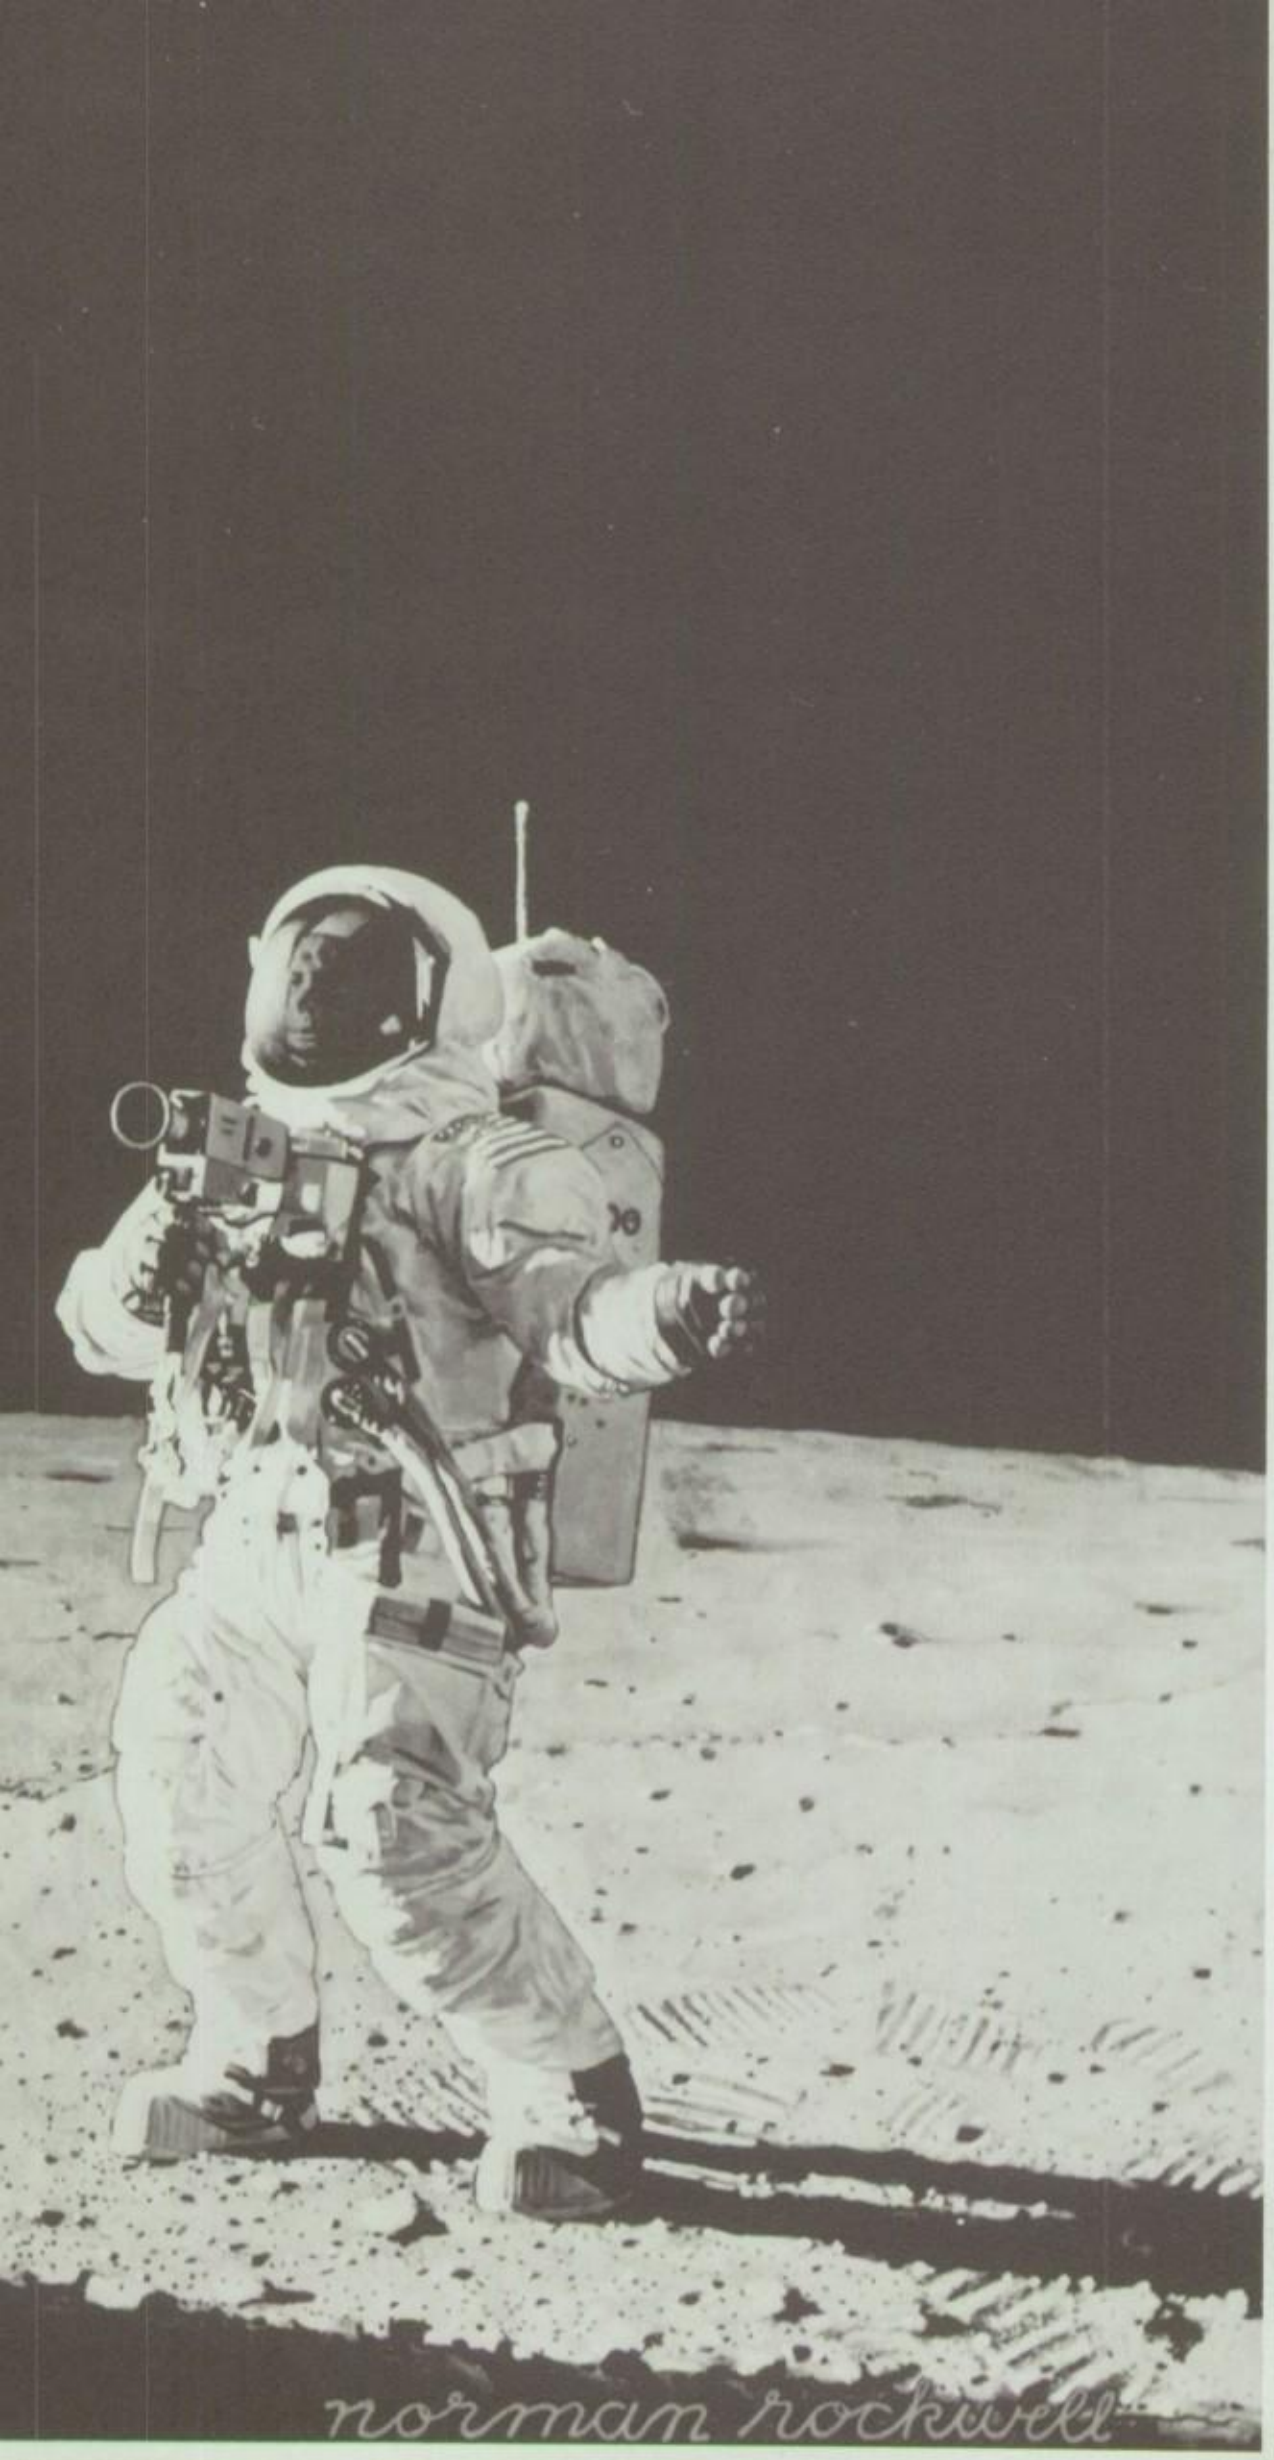
TOMORROW'S DAWN IS



"We live in the present, we dream of the future, and we learn eternal truths from the past."

—Mme. Chiang Kai-shek

100 years ago, on the bank of a willow creek, a small group of people formed a community, "Kanab". How were they to realize the fantastic changes that would be made during the century to come? Little did they know that man would set foot on another world besides his own, that he would be able to cure some of the most deadly diseases of his time, and that the majority of the people would have a better knowledge than the most learned men of their time.

Each generation makes its own "Giant leap for mankind", be it in science, medicine, education, or humanity. Our generation will use its knowledge of the past to build for a better future.

The present for our students is one of great challenges and unlimited opportunities. The chances of bettering oneself are endless and we should make wise use of them for they are our key to the future.

Like our Ancestors, we cannot comprehend the future but we can do our best to make our future better and we can try to improve the world we live in. "The road leads outward to where tomorrow's dawn is just beginning, where no routes are charted and the sole security is the freedom to change and reach forever higher."

SCHOOL BOARD—**Left to right:** Joseph B. Johnson, Clerk; U.S. Gardner; Eugene H. Russell; S. Kent Carpenter, President; David C. Frost; Jack H. Maxwell; Doyle K. Swallow, Superintendent.

Mrs. Rachel Findlay

ADMINISTRATION

Mrs. Rachel S. Findlay of Kanab retired as clerk of the Kane County School Board, after 34 years as a teacher and clerk-treasurer here.

During the late 40's and early 50's Mrs. Findlay taught one or more classes per day in Kanab High School. She catalogued books for a library at Kanab High School and set up a library system for all schools in Kane district.

Mrs. Findlay received her basic teacher training at the University of Utah supplemented by work at Brigham Young University. During the last 10 years beginning in 1958, she received annual training in School Business Administration from Utah State, BYU, and the University of Utah. She is a member of the Utah Association of School Business Officials.

Thousands of records of students, teachers and other school personnel—not to mention the myriad details and complexity of school finance and property accounting—have been processed, recorded, and left intact with great personal care and accuracy by Mrs. Findlay.

Kane schools will miss Mrs. Findlay.

The personality and character of K.H.S. is best exemplified by the performance of each individual student. Thus, each is most important and we strive to help one another. We are proud of each individual's success at K.H.S. To each one of you, we encourage you to continue to give the "best" in your relentless struggle for success. In doing so, we would ask you to try this:

Start out each morning with the determination to see how much good, joy, encouragement, and uplift you can dispense in one day. Do this no matter how much discouragement, pessimism or other roadblocks you might encounter. Look so pleasant and greet people so cordially that they will just want to respond positively to this enthusiasm.

Try this for just one day and see what satisfaction it will give you. It may change your whole life, for giving the best of ourselves to others brings in corresponding results. Best wishes for success and happiness always.

As Kanab City celebrates its 100th year of progress in 1970, we can closely correlate the development of its schools with the growth and development of the city itself. From the original school on the elementary grounds, to a more picturesque structure on the hill, and now to the modern buildings at the present site. The organization and curriculum changes which have taken place have contributed to and reflect the progress around us.

The old lock-step curriculum procedures have partially given way to more affluent and efficient methods of education. New subjects have been and are continuously being added such as: Driver's Education, Career Selection, Library Science, Integrated Shop, and many others.

Education has speeded up to the point where high school students are now receiving the equivalent of 2 years college training. With the more practical and effective use of team teaching, individualized instruction, special education, programmed materials, and common use of a wide variety of visual aids, students may progress as far and as fast as they desire. With the frist century of progress behind us, we look to the future with hope and desire of keeping, improving, and enlarging our schools so that they may continue to be the center of learning in our community and reflect the progress that must come in the years ahead.

The PTA is a cooperative effort between parents and teachers for the benefit of the students. Officers and members of PTA work together to prepare the students for the responsibilities which eventually will be theirs.

An addition was made to the PTA this year. It now includes student officers. Two student representatives are chosen from the school to attend Student Council. These young people are a go-between for the PTA and Student Council. The purpose for this new program (PTSA) is to aid and support the students of KHS as much as they can and to increase understanding between the three parties involved.

As the Kanab Parent-Teacher-Association promotes, supports, and protects the youth, their goal is to build self-confidence in each student and to prepare the leaders of tomorrow for their role in life.

STUDENT COUNCIL TAKES KNOWLEDGE

The Past is Prologue to the Future. As you read these pages the Past and the Future will blend into the ever-present Present.

As I write this in November 1969, our plans for Student Council are; to prepare a handbook with the School Constitution and useful school information; to mount the Victory Bell on the front lawn with a block K and a planter box; to get a football scoreboard. In addition, we have tried to have dances for the Studentbody once a week. The main thrust of our program has been to build school pride and promote school and community spirit.

What we have done is to take the accomplishments of the past and to help improve conditions for our Studentbody this year. But our successes now will be only a stepping stone for those who follow us.

The past and present are blending into a tradition that will make K.H.S. a better place for those who follow after us. The Student Council this year has tried to be aware of all that has been left to us by those who have been here at our high school before us. Being aware of the work that has been left to us we are trying to continue their efforts to make life better for those who follow after us. In this way, the Past and the Present and the Future are one in purpose.

Jean Johnson, Co-Editor; **Janeil Crosby**, Editor.

Somewhere within the span of fourteen short days are found trying, brainstorming sessions, searches into every corner for information, diligent thumping away on typewriters, and the hectic rush of deadline days.

Meeting and talking to other people, working together, thinking, creating—all of these are part of making a school paper. Imagination and never-ending initiative paint the minds of each staff member.

It takes a little extra time, a little hard work, and a little scheming and dreaming to print a newspaper, but the satisfaction of knowing that together, we have made a good edition is reward enough.

An editor holds things together, but the staff puts things together.

SENIORS ANTICIPATE FUTURE DOORS.

After graduation . . . what? As we leave the memory filled halls of K.H.S., we pause for a backward glance before we step through the door of the future.

We owe our happy, triumphant, and sentimental moments mostly to our school work and activities. The Freshie Frolic "Summer Place" came with a "WET PAINT" bench (and take that literally). The Sophomore Skid, "Love is Blue", was the hit of a busy year. We chose the theme "Tara" for a romantic Junior Prom which helped us realize how much we could accomplish as a class. A momentous Senior Trip marked one of the last wind-ups of the year. This year was marked by many exciting and unusual experiences mainly the first men on the moon. This opens a new door for our future.

The years have gone so fast but with each we have gained a little more knowledge and understanding bringing us closer to the goals we have set.

As this school year comes to a close, the Juniors connect the ties of the past, the present, and the future.

Experience in the past five years has helped us to make a better present. We set goals, make resolutions, and strive to make the future the world we want to live in.

During the 1969-70 school year, the Juniors placed third in the Homecoming parade with their fantabulous float. Our assembly sent everyone into peals of laughter. As the hit of the hear, our Junior Prom took everyone's breath away with its beauty and atmosphere.

All in all the mighty Juniors had a successful year and look forward to an exceptionally rewarding Senior year.

HOMECOMING

Strike up the Band with Jeri Young.

The Brandetts: They twirl and twirl and twirl . . .

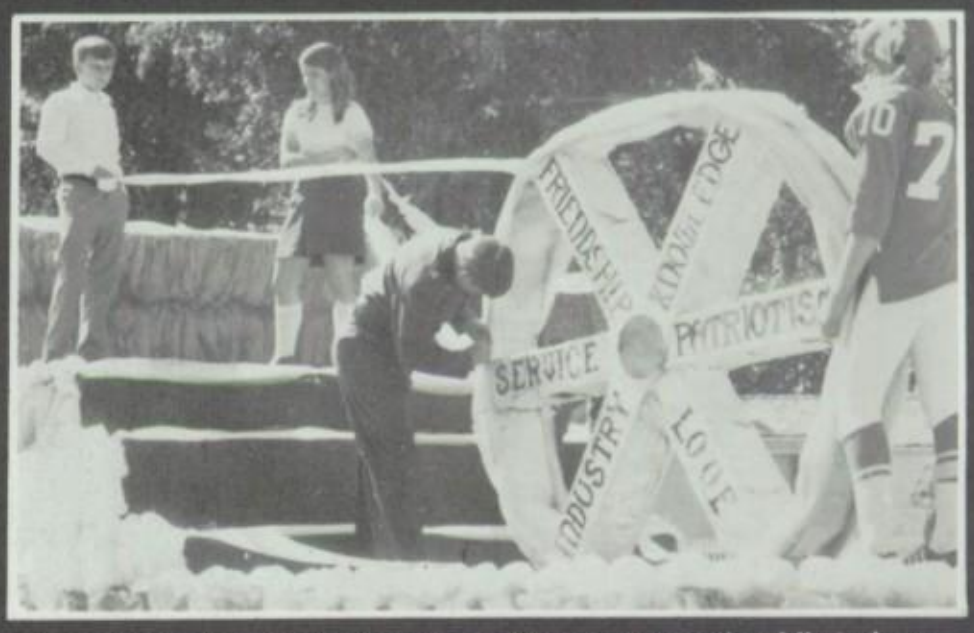
Homecoming Day exploded like a firecracker with a pep assembly full of spirit and enthusiasm. The Queens were announced, the team was encouraged with pep talks, and the students were determined to have a winning day.

The parade consisted of many original and artistic floats. Seniors and Freshmen tied for first place in float competition. The Seventh grade and Juniors came in second and third.

Anticipation of a football victory over Milford caused much excitement and became a reality with an impressive score of 36 to 6. The Cowboys displayed their outstanding ability and grrrrreat teamwork.

A dance in the evening was a fitting conclusion to a happy eventful day.

Craig Hulet is proud to ride on the seniors prize winning float.



The freshmen's "Wheels of Progress" led them to a tie of first place.

The "Cowboys" roll to another exciting victory.

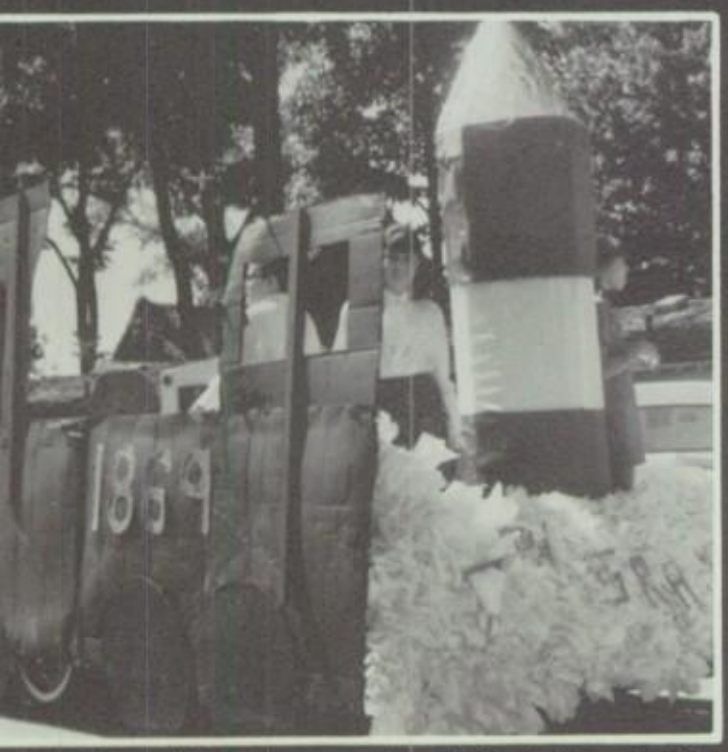
1970

We love a parade with the vibrations of the K.H.S. Band.

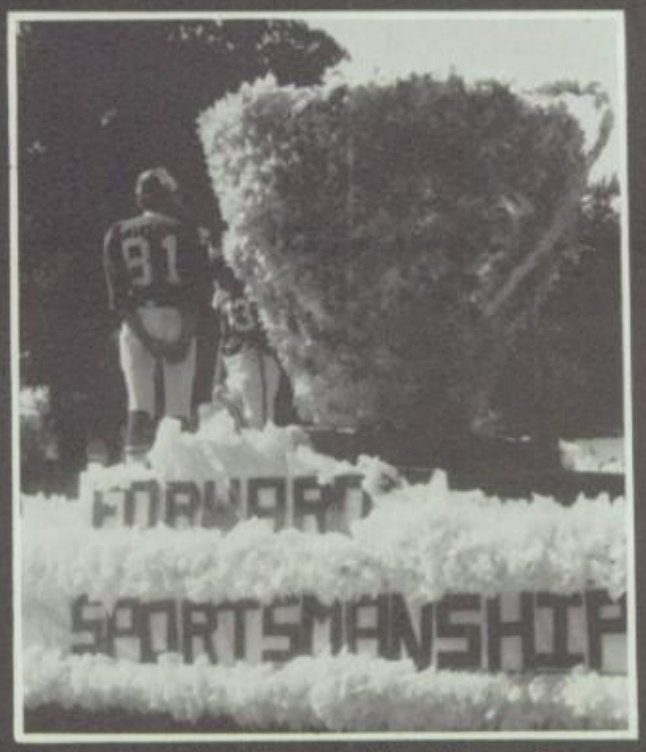
The Larriettes step high with confidence and self-assurance.

Steady now you Jolly "Juniors".

The Eighth grade is on its way to higher education.



Seventh grade are really rolling to the sounds of the Canon Ball, choo—choo—choo—.



Tenth grade brings on the Victory Cup.

Everyone wants in on the fun even the youngsters and all their holidays.

HOMECOMING QUEENS

The three lovely Homecoming Queens began their reign as royalty with the traditional Homecoming Parade. Their beauty, charm, and poise enchanted the public as they were crowned 1969 Homecoming Queens.

Nancy Morgan, 2nd Attendant, a cheerleader, and an active student at KHS, also served as Senior class advertising manager.

Pat Crosby, Homecoming Queen, head cheerleader, and a member of Student Council, added femininity and personality to her royal role.

A cheerleader's pep, sparkle, and vitality were Peggy Lawson's contributions as 1st Attendant.

Being Queens isn't all glamour and glory, for these three girls worked hard to cultivate the kind of qualities admired by the studentbody of KHS.

The lovely Homecoming Queens were presented with crowns by three of our Cowboys. Kenny Riggs crowned Nancy Morgan, Don Corry crowned Pat Crosby, and Jackson Crofts crowned Peggy Lawson.

Mr. Lawson proudly chauffeured the Homecoming royalty, Nancy Morgan, 2nd Attendant; Pat Crosby, Queen; and Peggy Lawson, 1st Attendant.

COACHES

Coaches Jim Ott and Arlyn Hafen had an outstanding football season.

"Success is never final and failure never fatal. It's courage that counts."

— George F. Tilton

Our past football season was one that gave those of us concerned much joy and satisfaction. We started a season not knowing just what to expect, after graduating nine starters from last years quarter final team. It was soon known by the KHS fans that their team was once again going to be back, playing tough football. It was through the great pride that these young men have, that they came back so strong. Positions that were left open from graduation were soon filled, and the team began to function as the winner it turned out to be.

From a coaching stand point this would have to be my most satisfying season. We ended the season 7-2 and had three of our boys, Don Corry, Arlon Chamberlain, and Jackson Crofts make the "All State" team.

You could not ask for any better men to work with than we had on our KHS football squad.

— Coach Arlyn Hafen

At the time of this writing, the Kanab Cowboy Basketball team has just finished league play, being co-champions in Region Eight, and are now readying themselves in preparation for tournament play.

Our basketball team has had its ups and its down in both winning and losing. The team has been rather young in experience, but have been showing some great improvement in the past few games. It is believed by many that the team has the potential to go all the way.

We, the K'ola staff, give the Kanab Cowboys our full support and wish them continued success in the Round Robin and State Tournament play.

This year the fighting Kanab Cowboys did very well in post-season play.

First of all came the Region 8 Round Robin, usually a stumbling block for the Cowboys. However, this year's team rewrote History and emerged from the five team tournament in second place. Don Corry was placed on the all-tournament team with a fine playing assist from the rest of the team. On to STATE.

For the first time since 1947, Kanab was in the State Tournament. The first victory for the Cowboys in their State Tournament History, was their smashing victory over Dugway. Still riding high, the Cowboys couldn't settle down the next day and lost to the eventual State Champions—South Sevier. Next on the list was the Panguitch Bobcats, ending in a 14 point victory for the Cowboys. The next evening, a tired group of Cowboys took to the floor for the last time and lost a mistake plagued game to Park City.

Don Corry was the leading scorer of the tournament and was placed on the Deseret News All-State Team. The Cowboys all played their best basketball in the State Tournament.

JUNIOR VARSITY BASKETBALL TEAM—**Back, left to right:** David Boardman, John Swapp, Kenny Brown, Kenny Glover, Lonny White, Danny Glover, and Lynn Lewis. **Front:** Mike Willis, Scott Church, Barry Glazier, Frank Swapp, Dean Lewis, Arland Brown, and Kim Janes.

Coach Roger Pugh did a great job with his team.

This Centennial Year we look backward to many yesterdays into Kanab's past.

We observe the growth of a community and the achievement of its sons and daughters.

We are convinced that White man, Indian, Young, Old, Rich, Poor, Good, Bad had to ORGANIZE and COOPERATE to tame the land and build a life. This we must do today to preserve this heritage for ourselves and our children's children.

Don Corry represented KHS well this year by capturing All State Football, All Region and Deseret News All State Basketball.

Mr. Pugh is thrilled with the briefcase the Lettermen presented him.

BRANDETTES

The Brandettes enjoy twirling to the beat of the band.

Belonging to the Brandettes Flag Twirling group is:

Not being able to find enough twirling staffs; changing from plain old "Flag Twirlers" to "Brandettes"; dyeing your vests the wrong color of red; increasing your membership from eight to ten; only being able to march twice during the basketball season but looking forward to great things in coming years; practicing at 7:30 a.m. in a cold gym; glancing up to smile at your boyfriend during a march and then dropping your flag; and having your picture for the yearbook taken on a windy day.

Flag twirling this year has been interesting, to say the least. Even though we haven't been able to accomplish all we intended to accomplish, we've had lots of fun trying!

We would like to express our appreciation to Mrs. Carolyn Banks, our advisor, and Mr. Ronald Hamblin, our sponsor, for all their help.

The Seniors would like to wish the undergraduates all the luck and success possible next year. We're expecting lots from ya, gals!

The Larriettes started off the 1969-1970 marching season by performing a parade march and a field march during the Homecoming celebration.

They participated during the half time of every home game and at nearly every away game.

One of the year's highlights was marching at all the games in the Round Robin.

The grand finale for all the Larriettes was their formal "Larriette Review" held on April 18. A "Preferred Cowboy and Larriette" were chosen and the Larriettes performed all the year's marches.

All in all it was a very successful year.

Back row, left to right: Teri Shumway, Jan Winters, Sally Bunting, and Marie Riding. **Front row:** Vicki Thorton, Lenna Robinson, and Susan Fox.

LARRIETTE OFFICERS: Susan Fox, President; Marie Riding, Costume Mgr., Sherry Swapp, Secretary; Cherrie Cram, Vice President; Vickie Thorton, Reporter; and Susan Skaggs, Costume Mgr. not shown; smile as they think about the fun and friendship the group has shared throughout the year.

Larriettes show off for the Kanab Cowboys and the studentbody at a special game, our 1969 Homecoming.

K'ETTE OFFICERS: Karine Beesley, Reporter; Molly Mognett, Costume Manager; Julie Skaggs, Costume Manager; Patsy Shumway, Advertising Manager; Shauna Terril, President; and Sandy Morgan, Secretary; led the K'ettes through a successful year.

In November, about forty eager girls "tried out" for K'ettes. Lined up from tallest to shortest, girls were heard asking questions such as: "Do you think I'll make it?"; "What foot do you start on?"; and "How's my posture?" Unfortunately only 24 girls could be chosen.

One of the highlights of the year was our Introductory march. It was our first march and everyone was excited, but did it very well. Although we didn't march very many times we had a good year.

K'ETTES

K'ETTES: Jan Hamblin, Elisabeth Schmutz, Karine Beesley, Cheryl Atherly, Sheree Hamblin, Denice Glover, Jamie White, Jill Betenson, Molly Mognett, Julie Skaggs, Joyce Riggs.

The Future Homemakers of America of the Kanab Chapter have had lots of fun this year, even though the club got a late start.

Our first activity was the traditional and atmospheric Sweetheart Ball. Money earned from this project helped to send nine FHA girls to the 1970 FHA State Convention.

Whiffs of fresh hot rolls lured many students into the Home Ec. room where they financed the FHA by buying the delicious goodies.

Our main objective this year was to earn money and get out of debt. Effort and co-operation were factors which helped to make the year enjoyable.

G.A.A. — **Back row, left to right:** Jeri Jackson, Teresa Haacke, Louise Anderson, Belinda Brown, Darlene Robinson, Gwen Swapp, Susan Bunting. **Fourth row:** Jamie White, Paula Crofts, Lynnie Cutler, Denise Glover, Cheryl Atherly, Patsy Shumway, Laurie Lewis, Sharon Swapp. **Third row;** Kathy Mace, Cathy Cram, Holli Crosby, Jill Betenson, Sandy Morgan, Hatti Swapp, Norma Corry, Marlene Brown. **Second row:** VaNae Brown, Rosalee Riggs, Jan Hamblin, Rhonda Chatterly, Gay Judd, Susann Little, Wanda Lewis, Jeannie Swapp. **Front row:** Mellie Grimm, Susan Boardman, Joy Chamberlain, Historian; Morrine Bias, Secretary; Peggy McAllister, Vice President; Lorraine Chamberlain, President; and Carol Penney, Advisor.

GAA

G.A.A. got started off late, but after it was started, we really had lots of fun. I guess it should be called Junior G.A.A. since there wasn't anyone over the 9th grade in it.

We began with a really fun activity, hiking to Saleradus. We all got up early in the morning and took our lunches. Besides about 25 G.A.A. members, Jeri Young and Marie Riding went along as our guides. Mrs. Hamblin went with us too.

Every Thursday night we had an activity of some kind such as basketball or chair volley ball.

We organized a Pep Club and ordered some material to make uniforms with, but by the time it got here there weren't many games left, so we decided to save it until next year.

The purpose of G.A.A. is to promote interest and participation in athletics among the girls at Kanab High School, to encourage good sportsmanship; to create an interest in improving health; and to support all school athletic activities with interest and enthusiasm.

Readings were presented by— **Back, left to right:** Joelyn Stewart, Carol Sue Cutler, Donnell Pugh, Ron Haycock and Raliegh Franklin. **Front:** Diana Cothern, Teri Shumway, Camille Gardner and Ed Hopfer.

At first glance, Speech Class seems to be an easy class and one that requires little effort. But at second look, one sees all the memorizing and rehearsing, set-painting and costume-making, and numerous other things that make a production interesting and entertaining.

This year the speech students have studied everything from the basics of speaking to pantomiming to actual drama and made a fine showing in every field.

Every student in the class participated in the Region Eight Drama Festival and received very fine ratings. At the end of the year an old fashioned melodrama and humorous one act play were presented to the studentbody. All in all, the year was a success.

LARRIETTE REVIEW ROYALTY— Don Corry and Marie Riding, 2nd Attendants; Arlon Chamberlain and Susan Fox, Preferred Cowboy and Preferred Larriette; Kenny Riggs and Cherrie Cram, 1st Attendants.

JUNIOR PROM..."CAMELOT"

The theme song, "If Ever I Would Leave You" was sung by Wayne McAllister, Stacey Janes, Robert Glazier, and Cathy Judd.

Juniors twirl their partners as they perform the promenade for a fascinated audience.

Class advisors, Mr. and Mrs. Lloyd Vance, greet couples attending the Junior Prom.

Mr. Dwaine Haacke and daughter Nola pose near a mural painted by Mr. Haacke. He contributed a lot of time and talent to make the Prom as beautiful and successful as it was.

Prom committee members, Tina Mulliner, Sylvia Riggs, Stacey Janes, and Robert Glazier couldn't believe all the work was completed and that they were actually at their Prom.

Class advisors, Mr. and Mrs. Roger Pugh, enjoy watching the dancers and listening to the groovy music.
